Someone wants that which you do not. A small ad in the State Journal and columns satisfies both.

Don't Let Your Truss Make Operation Necessary

Operation for rupture would hardly ever be heard of if it weren't for the mischief done by elastic and spring trusses.

Mighty few people ever have to be operated on when FIRST ruptured. But wearing makeshift trusses year after year is sooner or later almost sure to make work for the surgeon.

You know that from your own experience—you know you're worse now than a year ago—probably getting worse all the time.

If you keep on that way, how long will it be before you'll have to undergo a dangerous and expensive operation?

Aren't you willing to let us prove—by a sixty-day demonstration—how you can save yourself from all that?

Especially when you can make this sixty-day test without having to risk a penny?

60 Days' Trial To Prove How Good It Is

Here is something you want to know. It shows how our guaranteed rupture holder—which has saved thousands of people from ever having to be operated on.

It has so thoroughly proved its merits that we are willing to SEND IT ON 60-DAY TRIAL.

We'll make it especially for your case—make it to your measure—and practically LEND it to you just for a test.

If it doesn't keep your rupture from coming out or from bothering you in any way, then you can send it back and it won't cost you a single penny.

Don't Send Any Money

Simply write for our free book—that will tell you everything you want to know. It shows how our guaranteed rupture holder is made on an absolutely NEW PRINCIPLE. How it instantly and automatically is forced out. And how in ADDITION it provides the ONLY WAY EVER DISCOVERED FOR OVERCOMING THE WEAKNESS which is the real CAUSE OF RUPTURE.

The book tells how our guaranteed rupture holder—the famous Cluthe—is so beneficial that physicians in all parts of America now recommend it instead of ad-

BIG YEAR AHEAD

Topeka Theaters Are Planning for a Prosperous Season.

Bookings at Grand to Come Through Klaw & Erlanger.

BETTER SHOWS; BIGGER STARS

Open Dates To Be Filled In With Movies.

Novelty and Orpheum to Open Last of the Month.

With the opening of the fall theatrical season only three weeks away Topeka managers are beginning to arrange their policies for the coming fall. Announcement was made today that the attractions at the Grand theater would come through Klaw & Erlanger, the New York producers, this year. L. M. Crawford, general manager of the theater, who is in New York, has signed a five-year contract with the New York firm to furnish all the bookings for the circuit of which the Grand is a part.

This probably means better shows and bigger stars for Topeka this season. The Klaw & Erlanger people have a working agreement with the Shubert concern, so this policy will not mean the exclusion of Shubert shows. Five years ago when the Shuberts and Klaw & Erlanger had their big theatrical battle the open door policy was adopted at the Grand theater and has been used up to this season.

Klaw & Erlanger will book plays for Topeka, Wichita, St. Joseph, Lawrence, Lincoln, Sedalia, Joplin and Omaha on this circuit this fall. By having the bookings come through the New York firm the houses on the circuit will have more prestige than heretofore and should be taken care of in fine shape, when it comes to getting the bigger road productions.

The Movie Outlook.

A change in the theatrical and moving picture business all over the country is indicated in the leasing of the Colonial theater, Chicago, by the Triangle Picture company, a \$20,000, 000 picture producing concern, that has been "cleaning up" in the east with the "Birth of the Nation," a 12-reel film at \$2 top prices.

The changing of the Colonial from vaudeville to pictures is significant, according to Topeka managers. The Studebaker theater also will be taken over for pictures.

These big feature films probably will be shown in Topeka, filling in the interim between the regular theatrical offerings. Several years ago popular priced shows like "Uncle Josh Spruced up," "Uncle Tom's Cabin" and others filled in between the big shows but since the advent of the moving picture craze these shows have not been making the circuits with the result that the large theaters have remained "dark" from one big attraction to another. It is thought that the big picture features, such as "The Birth of the Nation," will be sent on the road to fill up the vacant time.

Nat Goodwin Disbands.

The announcement, coming from New York, that Nat Goodwin, the famous comedian, has canceled his route and disbanded his company to remain in picture plays also shows a decided change in the attitude of the "big stars" about motion picture trousse.

No definite announcement has been made by Manager Roy Crawford as to what kind of policy he will adopt for the Hipp theater this fall. The theater probably will be "dark" after the closing performance of the Besse Dainty players Saturday night until the fall opening which will be some time late in August.

Vaudeville and tabloid, the usual policy at the Novelty theater, will be resumed August 30. Indications are that the vaudeville and tabloid shows will be of the usual high standard.

AT THE THEATERS.

At the Novelty.

This afternoon at 2:30 o'clock marked the second week of the Bolby Barker Musical Tabloid company at the Novelty theater. Their offering the first three days of the week is one that will even eclipse the two shows last week in merriest and frivolous pastimes. Miss Zaida Barker will take the stinging leads.

The pictures to be shown in conjunction with the tabloid have been selected with care from the General Film company program. Night shows are at 7:30 and 9 o'clock with a 10 cent admission.

The bill for the last half of the week will be "The Widow Brown."

At the Hipp.

The Besse Dainty Players will appear in "The House of Bondage" all this week, starting with the performance at 8:15 o'clock tonight.

"The House of Bondage" is one of the strongest plays on the particular phase of the social evil problem which it covers that has ever been produced, according to many authorities. It typifies the situation in general and is true to life—true not only in the exceptional case, but in hundreds and thousands of cases.

Mattresses for this place will be given Wednesday and Saturday of this week.
